

D series touch panel

D3

1. Technical Specs:

- Input Voltage: DC12V-24V
- Load Current: 4A×3CH Max 12A
- Grey Scale Level: 4096×4096×4096
- Max Output Power: 144W/288W(12V/24V)
- Working Temperature: -20°C~60°C
- Dimensions: L86×W86×H36(mm)
- Weight(N.W.): 162g

2. Installation Instruction:

Install

Uninstall

3. Key Functions:

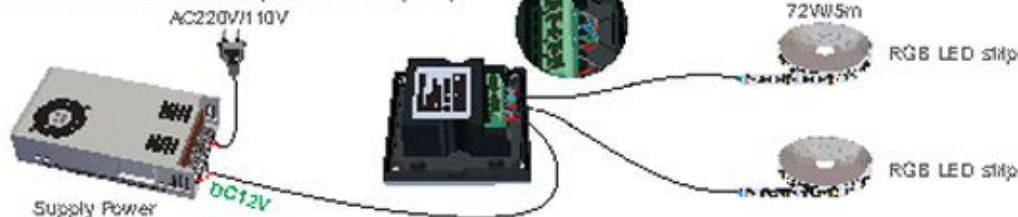

* Long press to turn on/off the buzzer.

The Changing Mode (Press to Switch):

- | | | | | | |
|-----------------|-----------------|----------------------|------------------|--------------------|----------------|
| A. Static Red | B. Static Green | C. Static Blue | D. Static Yellow | E. Static Purple | F. Static Cyan |
| G. Static White | H. RGB Skipping | I. 7 Colors Skipping | J. RGB Smooth | K. 7 Colors Smooth | |

5. Wiring Diagram:

Example 1: Connect with 12V Strip. Max 144W(12V)

Example 2: Connect with 24V Strip. Max 288W(24V)
